Urges Patriotic Window Displays November 11-20

Chairman Donald M. Swope of the Gettysburg and Adams County Freedom Train Committee today appealed to all merchants to place an Americanism window display in their stores from November 11 through November 20.

"Our program is based on Americanism and we are stressing Americanism," Chairman Swope said. "We are asking our patriotic merchants to cooperate with us in emphasizing our priceless American heritage."

"Any Americanism theme displayed in store windows will add immeasurably. There are many themes such as the new U. S. Stamp to commemorate the 85th anniversary of Lincoln's Gettysburg Address; the dedication exercises in the National Cemetery on November 19; the Freedom Train's two-day exposition here November 19 and 20.

"Pictures of Lincoln, Washington or any other patriotic theme, enhanced by a generous display of our Flag all make interesting and attractive window displays. We are asking that the window displays be retained from November 11 through November 20."

Chairman Swope said that the patriotic attractions here during that week should attract "one of the largest crowds in years." The borough will have the streets decorated during that period.

MANY FARMERS FAVORED NEW DEAL PROGRAM

Washington, Nov. 4 (AP)—Two actions of the Republican controlled 80th Congress stand out today as major factors in the surprising election support given President Truman by mid-western farmers.

These acts were:
1. Repeal of government's authority to provide emergency grain storage facilities under the price support program.

2. The Senate's refusal to ratify an international wheat agreement designed to assure growers an export market at favorable prices for the next five years.

The main opposition argument was that the government should get out of the storage and grain export business.

Arouse Farm Doubts

Apparently these acts went a long way toward arousing farmer doubts about what a Republican administration might or might not do to prevent another farm depression.

And this uneasiness developed despite the fact that Gov. Thomas E. Dewey had pledged support of new deal and war-born programs to protect farmers against low prices.

Farm belt confidence in the GOP was not helped by an early campaign statement issued by former Gov. Harold E. Stassen of Minnesota after a visit with Dewey. That statement was interpreted by many farmers as blaming the Truman administration's farm program for high food costs.

With their prices already on a down-swing, many growers undoubtedly recalled the farm depression of the '20s and early '30s and what the Republicans and Democrats did about them.

So in this hour of new concern over their future welfare, many farmers apparently decided to stick with the party which came to their rescue in their last depression.

CONVICT JAPAN OF AGGRESSIVE WAR ON ALLIES

By FRANK L. WHITE

Tokyo, Nov. 4 (AP)—Japan today was convicted of waging aggressive wars against China, Russia, Britain, the United States and other western powers.

The conviction by the international military tribunal for the Far East came in the long trial of former Premier Hideki Tojo and 24 co-defendants on war crimes charges.

The court narrowed down the issue to these questions: Was Japan guilty of waging aggressive war in violation of international treaties? Were the 25 defendants responsible for making and carrying out these policies? Were the defendants responsible for crimes against humanity and violations of the laws of war?

25 Cleared Earlier

Militarists and their supporters, the court held, seized control of Japan's government. They, the tribunal found, provoked war through the Manchurian conquest of 1931 and the full scale war against China that began on July 7, 1937.

Earlier the tribunal cleared the 25 defendants of 38 of the 55 counts in their war crimes indictment. This, however, was only a means of expediting the trial and eliminating duplications of the charges, the court said.

The court found Japan began preparations for war against China, Russia, Britain, the United States and other western powers in the early 1930s.

Hour after hour Sir William Webb of Australia, president of the tribunal, read the judgment, which runs 1,575 pages. It may be 10 days before the last defendant knows his fate.

The plane was one of a number returning to the United States from England. It was from the 307th Bomb group based at MacDill.

Paris, Nov. 4 (AP)—Russia rejected completely today a Western plan for the control of atomic energy. Soviet Delegate Andrei Y. Vishinsky told the United Nations General Assembly the United States does not want international atomic control.

Independence, Mo., Nov. 4 (AP)—President Truman, departing for Washington today, promised an early attempt to see enactment of Democratic platform pledges. The President and his family left by special train at 8 a. m. (Central Standard Time).

Bottlers Campaign About State Tax

Harrisburg, Nov. 4 (AP)—At least 90 per cent of Pennsylvania's bottlers have "suffered sales decreases averaging 35 per cent" since the state's new soft drink tax went into effect, claims the Keystone Bottlers Association.

The association's report, based on a recent survey, termed the decreases a "disastrous setback" to 438 of the state's soft drink bottlers.

Says Truman's 275 Speeches Won Race

State College, Pa., Nov. 4 (AP)—A speech expert today described President Truman's return to the White House as a "triumph for the spoken word."

Joseph F. O'Brien, professor of public speaking at the Pennsylvania State college, said "there seems to be little doubt that President Truman's 275 speeches delivered within a two-month period had a heavy impact."

O'Brien said he also believed that the seven to eight million people who heard the President were pleased both with his hammering at the issues and his "down-to-earth" approach.

DEWEY CARRIES SIXTEEN STATES

Washington, Nov. 4 (AP)—With about 94 per cent of the vote counted, President Truman had won or appeared assured of victory in 28 states with a total of 304 electoral votes.

Gov. Thomas E. Dewey seemed certain to carry 16 states with 189 electoral votes, 77 short of the 266 needed to capture the Presidency.

On the basis of incomplete returns at 9:30 a. m. (EST), today, only two states—California and Idaho—conceivably could shift against the President. And in both states, Mr. Truman's lead appeared sufficient to give him their combined 29 electoral votes.

With 3,027 of California's 16,802 precincts unreported Mr. Truman had 1,533,153 votes to Dewey's 1,475,223. California has 25 electoral votes.

In Idaho, with 59 of the state's 3340 precincts unreported Mr. Truman led 105,395 to 99,502.

The only state now in the Dewey column which conceivably could shift to Mr. Truman is Indiana with 13 electoral votes. With 967 of the state's 4,056 precincts still unreported Dewey held a lead of 773,360 to 765,963.

In popular vote, returns from 122,349 of the country's 135,864 voting units gave Mr. Truman 22,288,519, Dewey 20,420,065. Henry A. Wallace, the Progressive party candidate, had 1,030,781 votes and J. Strom Thurmond, the State's Rights candidate 804,303.

On the basis of incomplete returns Thurmond, the governor of South Carolina, carried four states—Alabama, Louisiana, Mississippi and South Carolina, with a total of 38 electoral votes.

U.S. Jet Fighter Falls, Pilot Dies

Frankfurt, Germany, Nov. 4 (AP)—An American jet fighter plane crashed today in the center of Garinish, killing the pilot and starting two fires. His name was withheld until kin may be told.

Another American fighter, an F-47, hit a tree while landing near Neuburg. Capt. Vincent J. Bracha of Okmulgee, Okla., its pilot, was only slightly injured. The plane was destroyed.

An Air Force report said the jet, an F-80, crashed in the street near the main railroad station at Garinish, a resort town near the Austrian border. There was no report on the extent of the fires started.

Moscow Surprised Wallace Lost Race

Moscow, Nov. 4 (AP)—Moscow newspapers gave prominent play today to President Truman's election victory and featured his pledge to strive for world peace.

A Tass News Agency dispatch from New York commented briefly that Henry Wallace received about 1,000,000 votes. Many Russians in this capital appeared surprised, however, that the third party candidate did not win, and asked Americans here why Wallace was defeated.

There was no indication how the Soviet government reacted to President Truman's election.

Shanghai Paper Has Comment On Election

Shanghai, Nov. 4 (AP)—The American-owned Evening Post-Mercury led off its editorial comment on the American election today with this line:

"They laughed when Harry Truman sat down at the piano figuring the Missouri Waltz with one finger was his limit."

The editorial concluded a reference to Chinese hopes for more American aid with "God helps him who helps himself. Look at Harry."

Chambersburg, Pa., Nov. 4 (AP)—A nine-year-old boy who accidentally shot himself in the stomach with a shotgun was in the hospital here today in serious condition.

Dr. John W. Sowers said the boy, Charles Meminger, Jr., of nearby Fayetteville was playing with his father's loaded double-barreled shotgun yesterday when he unintentionally discharged the weapon.

The term "fifth column" was first used in the Spanish War of the 1930s.

LEGION LEADS CAMPAIGN FOR SAVINGS BONDS

Spearheaded by the American Legion as part of its program for making America stronger, a special promotion campaign for U. S. Savings Bonds will begin on Armistice Day across the nation.

Pennsylvania's goal by the year's end is to increase the number of regular buyers on the Payroll Savings Plan by 107,000 and the number of bank depositors on the Bond-a-Month Plan by 15,000. This was announced here today by E. A. Roberts, state chairman. There will be no dollar sales quotas.

Another phase of the campaign is to get farmers to build up their financial reserves by putting away more 1948 crop money in Savings Bonds. In this, Mr. Roberts said, Savings Bonds committees in rural areas will have the aid of the National Retail Farm Equipment Association.

To Speak On Radio

Col. S. Perry Brown of Beaumont, Texas, recently elected national commander of the American Legion, is scheduled to launch the Treasury's bond promotion campaign nationally in a three-minute Armistice Day address on a regular NBC network program between 9 and 9:30 p. m., November 11. The Legion has recommended to its 17,000 posts the adoption of a three-point plan for the buying, advertising and promotion of savings bonds by its members during and between national bond drives.

Kiwanis International, Jewish War Veterans of the U.S.A. and other organizations will start similar programs at this time, Mr. Roberts added.

A program of continuing aid for local bond committees by units of 38 leading organizations represented on the National Organizations Committee for Savings Bonds was adopted by this committee in a recent meeting at Washington. These civic, service and women's clubs, fraternal and veterans societies have a total membership of some 35,000,000.

Use Advertising Media

The November 11 to December 7 bond promotion will be backed by donated and sponsored advertising in all media, he said, as part of the public service program directed by the Advertising Council of America.

In Pennsylvania there are \$3,577,000,000 worth of savings bonds in the hands of the public uncashed. This is a tremendous volume of stored-up buying power for the future, Mr. Roberts added.

"In these critical days when so much depends upon the strength of America, we need to build up our economic stability and security as much as possible and as fast as possible through individual thrift."

FIND EVIDENCE OF TOXIC GAS

Philadelphia, Nov. 4 (AP)—Evidence that fluorine gas, a toxic poison, exists in the air at Donora, Pa., was found by a Philadelphia chemical engineer.

Philip Sadler said yesterday he found signs of the gas in the blood of three asthmatic residents hospitalized during the brief epidemic which took 19 lives last week-end. Some 600 others were affected by the smothering mixture of fog and smoke which blanketed the town for four days.

Sadler, who made an investigation at the invitation of the Donora town council, said he also found evidence of the gas in the vegetation, corrosion of metal, destruction of paint and the presence of mottled enamel on children's teeth.

The chemist said the gas is given off in the process of making zinc and other metals.

In Harrisburg, Gov. James H. Duff received the state Health Department's preliminary report prepared by Dr. Joseph Shilen. The chief executive said the report will not be made public for "a few weeks."

Dr. Shilen previously told the Associated Press he had found small quantities of sulphur dioxide and sulphur trioxide in air samples.

Says Early Years Vital For Teeth

Harrisburg, Nov. 4 (AP)—The opportunities to build good teeth are confined to the first eight years, says Mrs. Anna Deplanter Bowes, state nutrition expert.

Mrs. Bowes, who is chief of the nutrition division, state Health Department, made the statement in a talk here yesterday before a state-wide conference on children's dentistry.

"All known factors which can contribute to building teeth must be provided during the early years of life," Mrs. Bowes asserted.

In another talk, Dr. Allen O. Gruebel, secretary of the Council on Dental Health of the American Dental Association, said that 50 per cent of all children of school age have at least three decayed teeth.

82 CERTIFIED

Harrisburg, Nov. 4 (AP)—The Civil Service Commission certified appointments of 82 persons to the staff of the state parole board. The appointments, the result of statewide examinations last June—first since World War II—are subject to six month's probation.

The Union Bible class of St. Paul's Lutheran Sunday school, Biglerville, will hold its November meeting next Tuesday evening at the cottage of B. G. Walter at Pine Grove. NAVY EXPECTS MORE HELP IN NEXT CONGRESS

Washington, Nov. 4 (AP)—The navy, which has watched the swift ascendancy of the air force during the last year, seems likely to have old and powerful friends back in key spots of the next, Democratic Congress.

In line for chairmanships of the Senate and House armed services committees are former members of the naval committees which existed—along with separate military (army) committees—prior to the 1947 Unification Act.

Rep. Carl Vinson (D-Ga.) for years before, during and since the war sponsored and fought for big navy legislation in the House. The navy looks upon him as a modern-day patron saint.

The existing program to convert warships into modern, atom-age craft and to build new models as patterns for future fleets reflects Vinson's thinking.

Boost for Tydings
On the Senate side, Senator Milard Tydings (D-Md.), who headed the former naval committee in that branch, probably will become chairman of the armed services group. What the navy owed Vinson in the House, it also owed Tydings in the Senate.

So now the air force's opposition to several navy ideas—including that approved last session of building a 65,000-ton super-carrier capable of handling big bombardment planes—will be considered by committees led by staunch navy friends.

The fact that the super-carrier plan went through shows the retiring Republican chairman—Rep. Walter G. Andrews (N.Y.) and Senator Chan Gurney (S.D.)—adopted an impartial attitude.

Curiously, while the navy may see old friends returned to power on Capitol Hill it also may see the departure of Secretary of Defense James Forrestal.

Even before the election there was wide speculation that Forrestal wanted to get out of government service. Now there are reports that he plans to resign soon.

AGED COUPLE DIES

North East, Pa., Nov. 4 (AP)—George H. Selkregg, 86, and his wife, 77, celebrated their 61st wedding anniversary last week. Yesterday both died of heart attacks, Selkregg at 3:45 p. m., his wife two hours later.

PLANE AND 15 MISSING

Paris, Nov. 4 (AP)—The French Press Agency said today a French military "Dakota" plane on a flight from France with 15 persons aboard was missing in Indo-China. The agency said the plane had sent out an SOS but search efforts have been fruitless.

CHINA'S DEFENSE LINES DRAWING NEARER NANKING

By HAROLD K. MILKS

Nanking, Nov. 4 (AP)—Nationalist China today drew its defense lines closer to Nanking as its leaders hoped for some miracle to save the country from the threat of Communist conquest.

Faced with a cabinet crisis, economic collapse, and the loss of numerical superiority over his Communist foes, Chiang Kai-shek appeared determined to carry on the fight against the Reds.

A demand for an end of the struggle and a coalition with the Communists—which is openly favored by many as an unhappy but the only remaining solution of the nation's problems—still has not figured in the government's plans.

It appeared that the government's last remaining forces in central China were being moved into position to block Red Gen. Chen Yi should he attempt to thrust in strength past Suchow, 170 miles north of the national capital.

A military spokesman told a news conference that more than 25,000 Red troops now were operating in the rear of the government line but that they were mostly irregulars.

The spokesman said he had no confirmation of reports circulated here that the Communists had recaptured the Manchurian port of Yingkow and cut off one of the last escape routes for Nationalist soldiers from Mukden. He said the Mukden garrison was "evacuated according to plan." Most sources were agreed, however, that most of the Mukden forces were killed or captured by the Reds.

It was estimated here that more than 400,000 government troops were now massed between Nanking, the Yangtze River and Suchow fronts.

CROWD TRAPS WIFE SLAYER

Lancaster, Pa., Nov. 4 (AP)—A murder charge was lodged today against a bruise-scarred man accused of firing the shot that killed his estranged wife.

Police said a crowd of persons witnessed the shooting yesterday as the woman, 32-year-old Mrs. Mary Russo, was leaving the Bearings Co. plant where she worked.

The crowd trapped the man, George Russo, 43, when he tried to escape and battered him into submission before police arrived.

Detective Capt. John Kirchner said Russo made a verbal statement admitting the slaying. Kirchner quoted him as saying "I did something I shouldn't have done."

Arraigned before Alderman James Forrest, Russo was held without bail for a further hearing. "I know I did wrong," he told the alderman. "I'm sorry. I want to die."

The Russos, married five years, had separated last July.

RECOVER BODIES OF 13 AIRMEN

Glossop, Derby, England, Nov. 4 (AP)—The last of 13 bodies of American airmen were recovered today from the wreckage of a B-29 Superfortress that crashed and burned yesterday on a mist-covered mountain near here.

All aboard, three officers and 12 enlisted crew members, were killed. It was the first Superfortress accident in Britain since 90 big bombers of the Third Air division arrived here last summer.

Names of the dead are being withheld. Seven bodies were found last night but, because of fog, the search was interrupted until this morning.

The Superfortress crashed against a 2,000-foot granite peak while on a training flight from the bomber base at Scampton to Burtonwood field near Warrington in England's industrial north colony, an air force spokesman said.

If the pilot had been flying 50 feet higher the plane would have cleared the mountain, the spokesman said.

Britain Rejoices In Truman Victory

London, Nov. 4 (AP)—Britain's joy over the results of the American election was reflected today in banner headlines in London newspapers.

"Harry's Secret Weapon Was People" (News Chronicle).

"Truman Did It All Single-handed" (Mail).

"He Ain't No Churchill But What the Heck" (Express).

"Now Truman Has It All His Own Way" (Graphic).

Fifteen Seniors Will Play Final Game For Maroons At Mechanicsburg Friday Night

Fifteen senior class members of the Gettysburg high school football squad will don Maroon uniforms for the last time Friday evening when the Maroons clash with Mechanicsburg high in their final game of the season at Mechanicsburg.

Those making their final appearance will be Bruce Westerdahl, Guy Donaldson, Harold Hankey and Bill Snyder, ends; Bob Williams and Gene Kane, tackles; Harold Dayhoff, John Aughinbaugh, David Neibler and Tommy Hess, guards; John Shultz, center; Bill Bushman, Doug Knox, Bob Hottle and Ronnie Kump, backs. A sixteenth member of the squad, Herb Bowling, will be ineligible next season.

All are expected to break into the lineup and all are equally determined to bring their scholastic careers to a close with a creditable performance.

The still muddled South Penn conference race is expected to be clarified to a great degree Friday night. Unbeaten Chambersburg is favored to win at Carlisle while Hanover is the choice to upset Hershey.

If either of those favorites win the Maroons last chance will disappear. Defeats for both coupled with a Gettysburg triumph would mean the Maroons still have a chance.

Wildcats' Record Good
Waynesboro is favored to win over Shippensburg in a relatively unimportant game insofar as the league standing is concerned.

Mechanicsburg, always a stiff opponent for Gettysburg, has won six of eight games this season. The Wildcats dumped Swatara Township, Biglerville and Scotland before losing to Hershey 6-0 and to Hanover 20-0. They followed with triumphs over New Cumberland 13-0, Waynesboro 7-6 and Shippensburg 47-7.

In Outburt the Cumberland counties have one of the outstanding running backs of the conference. Coach Forney witnessed the Mechanicsburg-Shippensburg contest last week and stated the Maroons will have to be at their best to upset the much improved Wildcats.

To date the locals have an overall season record of four victories, three defeats and a tie. If the team can show the same form exhibited in crushing Hershey 38-6 last week a Maroon victory is practically certain.

19 Will Be Back
The entire Gettysburg squad is in good physical condition for the game and all members are ready for action.

Although the loss of 16 from the squad paints a dark picture for next year a check of the remaining youngsters reveals some rather capable lads will be available. Included will be Kuhn, Ford and Schriver, ends; Groening, Kitzmiller and Cleveland, tackles; Redding and Davis, guards; Bucher and W. Small, centers; Biesecker, Paul Miller, Richard Miller, Sachs, Myers, Sanders, Hoffman, Caskey and Harold Miller, all backs.

Biglerville Junior High Eleven Loses

The Biglerville junior high school football team dropped a 20-7 decision to Shippensburg in a game played on a rain-soaked field Wednesday afternoon at Biglerville. The slippery condition of the ball resulted in many fumbles.

Next Tuesday the Cannons wind up their season by playing Scotland.

BULLET BOOTERS LOSE

The Gettysburg college soccer team lost its fifth decision of the season to Franklin and Marshall here Wednesday afternoon 4-2. Next Tuesday the Bullets play Western Maryland at Westminster.

Westerdahl Named Honorary Captain

Bruce Westerdahl, stellar end for the Gettysburg high school football team for three seasons, was elected honorary captain of the 1948 squad at a meeting of the players on Tuesday.

Westerdahl, who concludes his scholastic career against Mechanicsburg Friday night, will captain the team in the contest.

HANOVER JR. HI TO PLAY HERE FRIDAY NIGHT

Hanover junior high school's unbeaten football team will clash with Rogers Herr's Gettysburg high griders Friday evening at 7:30 o'clock on the high school field.

The Falcons have scored victories over Carlisle, West Fairview and Shippensburg. Coach Herr's team lost to Delone 6-0 and last week trimmed Biglerville 41-2.

The starters for the locals on Friday night will probably include Cleveland and Howard, ends; Strickhouse and Stanton, tackles; Thompson and Staley, guards; Altland, center; Fisel, Little, R. Miller and Williams, backs.

Hanover is expected to open with the following lineup: Zinneman and Bosson, ends; Hess and Staub, tackles; Becker and Brillhart, guards; Warner, center; Sandruck, Schue, Hansford and Rightmire, backs.

Friday's tilt will be the final of the home season for Gettysburg. On November 12 the locals end their campaign by playing Shippensburg on the latter's field.

Tickets Available For Delaware Game

A number of choice reserved seat tickets for the Gettysburg-Delaware football game here Saturday afternoon are still available. It was reported at the college athletic office today. However, the sale has picked up considerably during the last few days and fans wishing reserved seats should make their purchases as soon as possible.

In view of Delaware's 12-0 upset victory over favored Muhlenberg last Saturday a large crowd is expected to turn out for the Bullets' final home game of the season.

ON to a poor start in losing their first two games, the Blue Hens now have a winning streak of three straight and have not permitted a score in those games.

Colts To Play At Cleveland Sunday

The Baltimore Colts, after a 35-17 defeat by Buffalo, now must battle to the wire for the Eastern Division championship of the All-American Football Conference.

The Colts and the Bills are tied for first place in the Eastern half of the loop and the New York Yankees are only one game out of the top spot. The Colts face the unenviable task of meeting the Cleveland Browns on Sunday, November 7, and the high flying Browns, with eight straight victories under their belts, will be favored to top the locals.

After the Brown game, regardless of what happens, the Colts will be in the fight to the finish. They return to their own back yard for a game with the Chicago Rockets, November 14, and a win here will put them back into the thick of the pennant race.

PENN SELECTED TO NIP STATE; PICK DELAWARE

Philadelphia, Nov. 4 (AP)—University of Pennsylvania and Penn State—the gridiron Titans of the state—renew football relationship Saturday. And right there your prognosticator finds himself stumped.

Both are unbeaten but Penn State has been tied. The Nittany Lions from State College have a wealth of backfield material. Penn has shown itself weak on kick returns. The first string lines of both teams are strong but neither is any too deep.

But with a hasty look at this selector's season record of 124 victories, 55 defeats and seven ties (21-10-0 last week) we plunge into the weekly gamble.

Penn State-Pennsylvania—we would like to look into the crystal ball or toss a coin but this is the type of game in which one is expected to do some experting. With the belief that Chuck Bednarik will prove the difference between victory and defeat we'll take Penn.

Pittsburgh-Ohio State—the party is over at Pitt. The Buckeyes of Ohio State will snap the Panthers' four-game winning streak.

Lafayette Favored
Lafayette-Rutgers—for the middle three championship and with the belief that a strong offense is better than a top defense we say Lafayette. Villanova-Kentucky—the traveling Wildcats of Villanova have too much power for the Wildcats of Kentucky.

Holy Cross-Duquesne—shouldn't be any argument, Holy Cross. Muhlenberg-Lehigh—the Mules of Muhlenberg to bound back from last

week's defeat at the hands of Delaware.

Bucknell-Washington and Jefferson—the bison have won only one out of six games but their competition has been high class. Deacon Dan Towler may score a couple of TDs for the Presidents but Bucknell will have more at the end.

Other Choices
Syracuse-Temple—On the hunch that Temple has hit its stride we'll pick the Owls in a close one.

College Wallopes Dickinson 14-0

On Saturday afternoon (November 3) on Island Park, Harrisburg, Gettysburg college defeated its ancient rival, Dickinson, by a shutout, of 14-0.

For Gettysburg, Stouffer, Yost, Mordan and Pelus have been mentioned. The Dickinson players will testify to the fact that another Gettysburg player, one "Snaps" Emanuel by name, was also among those present. Aside from bucking his way around the ends, throwing forward passes like Joe Bush throws a baseball, making customary tackles around the ears, throwing runners for a row of Adams county apples, running interference for "Shorty" Stouffer and arguing with the referee, "Snaps" had a very quiet afternoon.

Wehler Property Sold: Elmer Wehler has sold his home on East Middle street to Miss Rose Goulden. Possession was given on November 1. Transfer was made through C. A. Williams, Hanover street.

State College Service Extended Here: Through the efforts of R. E. Underwood, farm agent for Adams county, a representative of the Home Economics Extension department of State college, is located here permanently.

Miss Pearl Shackelford is in charge of the work in Adams, York and Franklin counties, having her headquarters and main office in the Farm Bureau office at the court house here. The program was started on Thursday.

Parade Wednesday Night. The Halloween parade, one of the biggest of its kind ever witnessed here, in which more than 500 children marched, will not be forgotten for some time. The Citizens' band headed the marchers.

A block dance was held in the first hall block on Baltimore street, under the auspices of the Order of Independent Americans' lodge.

Kid Party at Club Is Enjoyable Affair: The "kid" party at the Quaker Valley Country club on Tuesday evening was an enjoyable affair. Games were played and prizes were awarded to Miss Elizabeth Huber, Miss Lucille Henry and Ralph Robinson, Miss Henry and Mr. Robinson favored with vocal solos.

Nearly 600 Are Guests of Club: Exceeding by far the attendance figures of any similar affair, the annual pig roast tendered by the Adams County Republican club to men and women voters of that party was held Tuesday evening in the Order of Independent Americans' lodge rooms.

On Tuesday evening nearly 600 persons partook of the roast, fully one-third of those present being women.

William A. Miller acted as program chairman. Dr. E. M. Baxter and George M. Baker were the speakers. The committee in charge of the pig roast was composed of Dr. C. B. Stouffer, E. C. Moser, Harry Stauffer, M. W. Klinefelter and S. J. Shaw. They were assisted by Charles K. Hartzell, William Beales, Jr., Wilbur Moser, John Bigham, Roy E. Zinn and Leo Bushman.

Mrs. J. E. Beyer Made President: Mrs. J. E. Beyer, Baltimore, was elected president of the Women's General League of Gettysburg college at the closing session of the twelfth annual convention Friday morning. She succeeds Mrs. Henry W. A. Hanson, who served in that capacity for the past three years.

A luncheon at the Hotel Gettysburg, attended by 65 of the delegates brought the sessions of the convention to a close for this year.

On Thursday evening moving pictures of the induction of Dr. Hanson as president of the college were shown to a crowded house in Brua chapel.

Today's Talk

BOOKS AND READING

There are times when no human being is able to feed the inside craving that comes to us all so persistently. The hunger of the heart is ever a part of our consciousness. But to appease it, even in a measure, we have to draw upon the hidden resources of a mystic heaven and earth.

A starved heart is a much more pitiful affair than a starved body. Through the mind, however, there is forever flowing a delicate stream of hope, that somehow seeps down into the heart—often quite unaware.

"When we write," said W. H. Hudson, "we do, as the red man thought, impart something of our souls to the paper."

And so it is, that when human association and companionship seem temporarily to have failed us, we may then hope to find in the reading of books, and in delving into what others have felt and lived, a counterpart of our own thirst and hunger.

Voltaire once apologized for his small library. He could boast of but 6,000 volumes! Few minds, however, have ever influenced any age as did that of Voltaire's.

There is a tinge of immortality about a book that is the true expression of a man's mind and heart, faulty though that expression may be. Again and again does a writer live in life after life. On and on his influence travels.

Continually I receive letters from readers asking me of books to read. Books are like people who wrote them. Select such books as are written by the kind of people you would like to know and love!

The only way we can learn to know and love people is to hunt them out, to meet them, and to make them our friends. That is the way to start out to know books. Whenever I get into a bookshop, I somehow come out with new friends—just met!

When you read, however, read to absorb and to think! That is the only way to accumulate knowledge and to learn. Read slowly. Make a book your own as you drink it in.

Tomorrow Mr. Adams will talk on the subject: "The Flow of Beauty."

Just Folks

BOYHOOD MEMORY

Time was, when I was very small,
The boy who owned the bat and ball
Would grab them up and run away,
Refusing any more to play.

If someone else to pitch we chose,
Immediately his temper rose.
"I want to pitch myself," he'd say,
"And if I can't, I will not play."

But if he took it in his head
To catch or play first base instead,
Unless we gave consent to that,
Away he'd take his ball and bat.

He'd run the game or wouldn't play;
And he appears to me today
The best example I can find
Of Marshal Stalin's state of mind.

WIDE CONTRAST
IN CAMPAIGNING
BY CANDIDATES

Washington, Nov. 4 (AP) — One man used bare knuckles. The other wouldn't get his hair mussed.

That was one of the chief differences between the campaigns of President Truman and Governor Dewey.

And it's one of the things that

may have cost Dewey the election.

Dewey, with all the public opinion polls and the experts telling him he was a cinch to win, campaigned as if he believed it. And if he was such a cinch why bother making specific promises, or at least very many of them?

He didn't act like a man in a fight. It was as if he already had the presidency home safe in the refrigerator.

So he never gave off much heat. And he didn't come down off the mountain to slug it out with Mr. Truman.

The President campaigned the

other way. It was an uphill fight for him and, when he talked, he talked meat and potatoes.

He was for something, or against it. You might disagree with him but you never had to wonder where he stood or what he'd try to do if elected.

Voters Did Just That

He stated the things he thinks need doing. He said he was kept from doing them by the 80th Congress, controlled by Republicans.

He said he'd still do 'em if the people re-elected him, threw out the Republicans, and gave him a Democratic Congress. The voters did just

that.

There are lots of ways of looking at the election results and their causes. Trying to explain them will keep many people busy.

Maybe many voters felt there wasn't much to choose between the candidates and, out of a mass dislike for the cold Dewey, turned to the warmer Truman.

Some Sympathy Votes

Organized labor — out for revenge on the Republicans for passing the Taft-Hartley act — had a big hand in helping Mr. Truman win.

And sympathy for the underdog,

which Mr. Truman was, may have brought him some votes.

Those are just some of the reasons offered for the Truman victory.

One thing cannot be denied. The majority of the voters approve what Mr. Truman stands for and the promises he made.

If they disapproved, it would be absurd to elect him and so put him in a position to try to do what he said he'd do if elected.

The proof: they gave him the Democratic Congress he said he needed to carry out his promises.

In early times, whales stranded on

shore in England and Scotland were the property of the crown.

PAGE SANDWICH SPREAD from the A&P; toss; chill and pile into cabbage shell. Serves 6.

"CORN" AS CAN BE

Honest Injun, this corn pudding is the best thing that's happened to corn since the Indians discovered it! Beat 1 egg; add 1 cup milk, 1 cup of A&P's golden sweet IONA CORN, 1 tbsps. fat (melted), 1 tsp. sugar, 1/2 tsp. salt and 1/2 tsp. pepper. Mix well; turn into greased casserole and bake in moderate oven, 350° F., 1/2 hr. or till set. Serves 4 to 6.

Add to 2 eggs, slightly beaten. Add 1 1/2 cups cooked or canned pumpkin; mix well and stir in 2 cups milk. Pour into 1 1/2 qt. casserole; set in pan of hot water and bake in moderate oven, 375° F., 1 1/2 hrs. or till set. Serves 6.

Over 63 Million Saw Pro Baseball

Columbus, Ohio, November 4 (AP)—A total of 63,765,991 persons, an increase of 2,374,718 over 1947, saw America's 60 professional baseball leagues in action this year.

The major loop drew 20,943,345—the National 9,793,027 and the American 11,150,318—and today George M. Trautman, president of the minors, announced the 58 leagues under his

DEWEY QUIETLY GOES BACK TO BEING GOVERNOR

Albany, N. Y., Nov. 4 (AP)—Gov. Thomas E. Dewey quietly went back about the business of being governor of New York today.

The defeated Republican presidential candidate returned to the state capital from New York last night just nine hours after he had conceded the election to President Truman.

Dewey and his family got a

warm welcome from a crowd of several hundred persons assembled at the rail station.

It was a crowd in sharp contrast to the yelling, shouting throngs which greeted him on his campaign travels.

This one was a sympathetic gathering. There was applause and some cheers but there was a note of restraint in keeping with Dewey's disappointment over losing the election.

The first to greet him was Kenneth McAffer, Albany county Republican chairman.

Grasping McAffer's hand, Dewey smiled broadly and said: "How are you, Ken? It was nice of you to meet me down here."

With the governor on the trip

from New York, where he voted and received the election returns, were Mrs. Dewey; their sons, Thomas, 16, and John, 13, and the governor's 70-year-old mother.

To Take It Easy Today Aides said Dewey would take it easy at the executive mansion today, attending only to the most urgent state business.

He told a news conference in New York yesterday he hadn't made any plans yet for a vacation, but that he would like to get down to his farm home a Pawling, N. Y., for at least a week-end as soon as possible.

At the conference Dewey answered with a flat "no" a question as to whether he would run for the presidency a third time.

And he said any talk that he planned to resign now as governor was "pure fiction." His term runs through 1950.

But he did say he had no plans to run for the governorship again.

SCA BUILDING

(Continued From Page 1)

by-laws brought up to date; handbook of rules written and furnished each member; funds for refurbishing rooms and the music department placed in a savings account; 121 units of furniture purchased and installed in Huber and Stevens halls at a cost of \$14,755.50; name plates for doors placed.

Mrs. Wickey made the following recommendations: A financial goal of \$10,000 for 1948-1949, "in order that Gettysburg college may make its contribution in the field of music, especially church music;" an increase in membership of 25 per cent.

35 At Dinner

"We thank God that Weidensall hall has been restored with greatly enlarged facilities for more concentrated Christian service," she said.

The SCA building, formerly the college YMCA, was dedicated in 1922, burned in 1946, and re-built within the past few months. Mrs. Hanson, wife of the president of the college, who will have charge of the re-dedication this afternoon, was president of the league when the building was originally dedicated.

Mrs. Hanson was hostess to members of the board of directors and guests at a dinner at Hotel Gettysburg Wednesday night. Thirty-five attended. A meeting of the board was held afterward in the SCA building.

The annual banquet will be held tonight at 6:30 o'clock at the Hotel Gettysburg with the Rev. Augustus Hackman, Baltimore, and Prof. Parker B. Wagnild, music department, Gettysburg college, as the speakers.

\$30,000 Toward Goal

The Friday morning session will be held in Weidensall hall, beginning at 9 o'clock. Standing committees and convention committees will report, resolutions will be adopted and officers elected and installed.

Mrs. Wickey, league president, made two talks at the college, one on the college radio station, WAGC, Wednesday night, and the other in chapel this morning.

In her radio talk, Mrs. Wickey said that the cornerstone of Weidensall hall was laid in November, 1919, and the building erected at a cost of \$30,292.84. Indebtedness was cleared by 1925.

"At present we are interested in establishing a music department on the campus at a cost of \$50,000. Today we have approximately \$30,000 toward that goal," she said.

Nobel Prize Is Awarded Eliot

Stockholm, Nov. 4 (AP)—The Swedish academy today voted the 1948 Nobel Prize in literature to Thomas Stearns Eliot, American-born British poet, dramatist and essayist.

Eliot will receive the award, worth about \$44,000 this year, at the Nobel Prize ceremony in Stockholm December 10.

The Nobel prizes are provided by the will of Alfred B. Nobel, Swedish scientist and industrialist who died in 1896. The prize in medicine was voted last week to Dr. Paul Mueller of Switzerland. The prizes in physics and chemistry and the peace prize have not yet been voted.

Eliot, who is 60, was born in St. Louis, Mo., but carved out his literary career in England and became a British subject in 1927.

His first work, a collection of poems titled "Prufrock and Other Observations," was published in 1917. In 1922 he expressed the prevailing post-war pessimism in a poetic cycle, "The Waste Land."

The Swedish writer Johannes Edelfelt praised Eliot's selection for the Nobel Prize today and said his writings "have brought about a revolution of the poetic means of expression."

Drop 222 Counts Against O'Malley

Uniontown, Pa., Nov. 4 (AP)—To avoid duplications, 222 of the 890 malfeasance counts against Magistrate John J. O'Malley of Philadelphia have been dropped by the commonwealth.

The action was announced yesterday at a hearing before Judge W. Russell Carr of Fayette county, who has been named to preside at O'Malley's trial opening November 8.

Defense counsel asked that remaining malfeasance counts be rejected as defective. A ruling was delayed.

ROBS THEATRE; MANAGER SHOT

Chambersburg, Pa., Nov. 4 (AP)—A bold bandit in a flesh-colored mask held up a movie theater here last night and escaped with \$494 after wounding the manager.

Walter Ward, manager of the Capitol theater, was shot through the left shoulder when he refused the man's first request to produce the money bag.

Ward told police the man strolled into the theater office just off the lobby shortly after 10:45 p. m. and pointed a .22 rifle at him and demanded that he hand over the night's receipts.

The theater manager said he thought the man was joking and refused to do so at first, whereupon the man shot him through the shoulder.

Ward said the man wore what appeared to be a plastic mask which fitted over his entire face. He added that the man also wore a brown slouch hat and shabby grey overcoat.

He made his escape through a side exit door after Ward produced the money.

Police Chief H. S. Byers said a widespread search has so far failed to produce a trace of the robber.

The next meeting will be held on November 16 at which time the guest speaker will be a woman who was born in the United States, witnessed the bombing of Berlin, was a prisoner in Russia and spent time in a concentration camp. Arrangements for this meeting are in charge

GOP Closes Shattered Ranks For Two-year Battle Against New 'New Deal'

TRUMAN TO TAKE VACATION THEN PLAN PROGRAM

By JACK BELL
 Washington, Nov. 4 (AP)—Republicans closed their shattered ranks today for a two-year fight in Congress against a certain effort by President Truman to modernize the New Deal.
 Mr. Truman returns to Washington and a welcome-home celebration tomorrow for the hottest article in American politics, as the result of his upset victory over Gov. Thomas E. Dewey.
 He will be off Sunday for a two-week breathing spell at Key West, Fla.
 Cites Responsibility
 When he comes back, it will be time to shape up the legislative program which he promised last night will be based on the Democratic party platform.
 Mr. Truman told a home-team victory celebration in Independence, Mo., he wants every citizen to help him carry out his "tremendous responsibility for the peace and welfare of the world."
 "I am going to do the very best I can to carry out that Democratic platform as I promised to do in my speeches around the country," he said. That is a large order.
 How Big the Order Is
 Besides efforts toward winning a lasting peace, the platform pledged such things as (1) curbs on "Republican inflation," (2) "comprehensive" housing legislation and (3) tax reduction "whenever it is possible to do so without unbalancing the nation's economy."
 The platform also called for (1) repeal of the Taft-Hartley act; (2) a 75-cent an hour minimum wage to replace the present 40-cent figure; (3) extension of Social Security coverage; (4) a national health program; (5) Federal aid to education; (6) a farm price support program; (7) repeal of the oleo taxes, and (8) strengthening of civil rights.
 Election-chastened Republicans won't oppose all of those. In fact, Dewey was for some of them.
 GOP Not Dismembered
 But if the Republicans were maimed by the one-man gang activities of Mr. Truman in Tuesday's voting, they weren't dismembered.
 A lot of them won't be back in Congress. But the Republican leadership there will remain the same, with Rep. Joseph W. Martin, Jr. (Mass.) bossing the house minority and Senator Robert A. Taft (Ohio) continuing to run things pretty much on the Republican side in the Senate.
 Taft shrugged off the election results with the observation that they proved it is almost impossible "to put an administration out of office at the very peak of a prosperity boom."
 Will Be Opposition
 Martin and Taft will not have much trouble working up opposition to Mr. Truman's proposals. Most of the 42 Republicans left in the Senate and the 174 remaining in the House are used to voting against the Truman administration. And there aren't many new faces among the Republicans.
 Taft and Martin are likely to figure that the battered GOP's best chance for a comeback in 1950 rests with making Mr. Truman look bad on his campaign promises.
 The President made the Republican-controlled 80th Congress the top issue in his campaign, calling it that "awful" "second worst" and "idiot" Congress.
 In Saddle Again
 Now his party has control by an apparent 260 to 174 margin over the Republicans in the House (there is one minor party member) and a certain 54 to 42 edge in the Senate.
 Whether Mr. Truman can get much more in the way of legislation out of such a Democratic-controlled Congress remains to be seen.
 Southern Democrats who have never been too enthusiastic about some of his policies will be back in the saddle as chairmen of many of the important committees.

THE DECLARATION OF INDEPENDENCE

A Declaration by the Representatives of the UNITED STATES OF AMERICA, in General Congress assembled
 When in the course of human events it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the laws of nature and of nature's god entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.
 We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty, and the pursuit of Happiness; that to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, that whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence indeed will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shown that

The Freedom Train exhibits Thomas Jefferson's original manuscript draft of the Declaration of Independence. This manuscript, known as the "Rough Draft," is one of the truly priceless documents of American history. In many respects it is more interesting than the final engrossed copy with all its signatures, for the "Rough Draft" contains all the changes and additions that were made from its inception to its final presentation to the Continental Congress.

Mrs. Chew, Member Of Noted Family, Dies

Radnor, Pa., Nov. 4 (AP)—Mrs. Ada Knowlton Chew (age unknown) a native of Upton, Mass., and a member of one of Philadelphia's most prominent families, died Tuesday at her home following a long illness.

In her earlier years, Mrs. Chew was active in musical circles. She studied music in New York and in Germany and had given piano recitals in New York's Carnegie Hall. At the time of the first World War, Mrs. Chew founded the Women's Overseas Service League of which she became president. She drove an ambulance in France. More recently she initiated the Food Gardens Association, Inc. The first commercial diesel engine was placed in operation 50 years ago.

EXPECT FOREIGN POLICY OF U.S. WILL CONTINUE

By DEWITT MACKENZIE
(AP Foreign Affairs Analyst)

When the result of the U. S. presidential election reached United Nations circles in Paris, A. A. Arutunian, a Russian delegate who also is a member of the Soviet Foreign Affairs Department, told American newsmen the outcome "really makes little difference (abroad) because of your bi-partisan foreign policy."

That seems to be a shrewd appraisal of the position from the standpoint of international affairs. It is recognition of the vital fact that the rival political parties stand together when faced with a foreign crisis. Apropos of this we see Governor Dewey telling President Truman in a message of congratulations:

"I urge all Americans to unite behind you in support of every effort to keep our nation strong and free and establish peace in the world."

To Be Adjustments

It is well that this truth be emphasized abroad lest there be misunderstanding among those who are on the alert to take advantage of any seeming weakness in America's armor. It is well, too, that it be recognized by the many nations which are looking to the United States for leadership in the political life-and-death struggle with Communism which we know as the "cold war."

When there is global conflict, oppressed countries try to hitch their wagons to the American star. Sometimes that is from purely selfish motives but more often it is because of desperate need and because of recognition that the United States is the world's paramount power.

Naturally one would expect developments of policy to meet future emergencies. The defense against Communism is the greatest international problem with which the new American government will have to deal, and it hardly can be expected that this will be solved without resorting to new measures. However, we must assume that future strategy will be based on established principles.

The World Knows

We have seen, for example, the actual working of the policy of helping needy countries defend themselves against Red aggression. The Marshall Plan for European rehabilitation already is in full operation. American military preparedness for emergencies is moving apace.

These things are out in the open for all to see. So the whole world knows what President Truman's fundamental policies are and what trend he is likely to pursue in his new term. The world knows too (or should know for its own good), that Americans stand together in emergencies, irrespective of politics.

CANCER CLINIC IN BASEMENT OF CHURCH PROBED

Pittsburgh, Nov. 4 (AP)—A noted scientist today began investigating a "cancer clinic" recently conducted in the basement of a Bloomfield church.

He is Dr. Robert R. Spencer, an authority on cancer as well as the famed discoverer of a serum for Rocky Mountain spotted fever.

The clinic was conducted by Philip Drosnes and Mrs. Lillian Lazenby, who await grand jury action on charges of practicing medicine without a license. At their hearing, many patients declared the cancer treatment had helped them.

Asks Cooperation

"If these people have something worthwhile," said Dr. Spencer, "we want to know it, and they will be given full credit."

Drosnes and Mrs. Lazenby said they will cooperate "100 per cent" in Dr. Spencer's investigation. How much cooperation might be required was indicated when Dr. Spencer said these conditions must be met:

1. The method of treatment must be explained fully, with no secrecy about the tests or medicines used.
2. Complete clinical records for a sufficient number of patients must be submitted, with all features of each case to be medically documented.
3. Patients must have survived at least five years after treatment.

To Await Full Report

On the latter point, Dr. Spencer said: "We can't possibly settle this in a day or two. Cancer is not like measles."

Dr. Spencer was sent here by the National Cancer Institute of the U. S. Public Health Service, upon request of Dr. I. Hope Alexander, city health director, who had been asked by city council to probe the clinic.

Dr. Alexander said no reports will be published until the probe is complete. "Whatever Dr. Spencer reports to the surgeon-general will be my report to the city council," Dr. Alexander declared.

North is placed at the top of maps not for any special reason, but simply because the custom has been followed for hundreds of years.

LABOR LEADERS ARE THANKED

Harrisburg, Nov. 4 (AP)—Philip Mathews, Democratic state chairman thanked four top Pennsylvania labor leaders for their support of the Democratic ticket.

"The Democratic party will go forward supporting the liberal policies of President Truman in the nation and demanding in our state legislature that Pennsylvania be placed where it belongs among the liberal states of our union," he said in a message.

"My sincere appreciation to you and the men and women you represent for the splendid support they gave the Democratic ticket in Pennsylvania," he added.

The message was sent to Harry S. Boyer, president of the CIO-Pennsylvania Industrial Union Council; James L. McDevitt, president of the AFL-Pennsylvania Federation of Labor; George M. Harrison, president of the Brotherhood of Railway clerks, and James A. Fox, state legislative representative of the Brotherhood of Locomotive Firemen and Engineers.

STRENGTHENING OF U.S. ROLE IN UN FORESEEN

By JOSEPH E. DYNAN

Paris, Nov. 4 (AP)—United Nations circles today predicted prompt strengthening of America's predominant role in world affairs as a result of President Truman's return to office.

While both the American and foreign delegations here still sought to overcome their surprise at the election news and its implications, several principal factors emerged:

There will be no waiting period before a new president takes office.

Bi-Partisan Plan Goes On
Furthermore, the president in the future can count on support from his party in both houses of Congress. The position of the American government thus is fixed firmly for at least the next two years.

The United States' bi-partisan foreign policy is being strengthened. All comment from Republican leaders as expressed or received here has emphasized the continuity of bi-partisan policies.

This was stressed in a statement from John Foster Dulles, member of the American delegation and Republican foreign affairs expert. American delegation members noted that Gov. Dewey himself also emphasized this point.

More Self-Confidence
These factors are expected to result immediately in the production of a more self-confident American delegation.

A one word comment by Russian Deputy Foreign Minister Andrei Y. Vishinsky—"amazing"—remained the reaction of nearly all U. N. leaders as the scope of Mr. Truman's victory became apparent.

The victory of avowed internationalists in Illinois and Minnesota also drew the attention of delegates sensitive to the impact of American politics on world affairs.

Mrs. Eleanor Roosevelt, a U. N. delegate, termed the election result a demonstration of how labor can organize to get out the vote.

French Rejoice
French quarters, who privately rejoiced in Mr. Truman's victory, maintained scrupulous neutrality in their official comment. One spokesman said the French government knew America's foreign policy was bi-partisan and therefore was not at stake in the election.

Other French quarters said the victory gave the president a new stature in the world as one of its leading statesmen in his own right. Mr. Truman no longer is riding the

late President Roosevelt's coat tails, America's first cast-iron bridge was built over the Erie Canal at Frankfort, N. Y.

The first test of American policy after the election may come today when the Security Council is scheduled to take up a proposal threatening Israel with sanctions.

COAL CONVEYOR LOST IN BLAZE

Pittsburgh, Nov. 4 (AP)—A \$200,000 fire last night destroyed a huge coal conveyor at the Jones & Laughlin Steel Corp. by-products plant in Hazelwood.

No one was injured but the mill's main operations were shut down. A company spokesman said he did not know how much time would be needed for repairs.

Flames broke out in a towering conveyor serving three coke batteries. Within seconds the fire spread up a 175-foot rubber belt laden with coal. Before five fire companies arrived, the belt plunged 150 feet to earth, carrying with it the steel coal-gallery system.

The falling debris broke at least two power lines and plant officials feared the fire had damaged an auxiliary conveyor belt to three other coke batteries.

The plant, stretching along Second avenue at the edge of Hazelwood, makes coke for all J. & L.'s

Truman Can Watch Losers Eat "Crow"

Washington, Nov. 4 (AP)—President Truman got an invitation today to watch those who predicted his defeat eat crow.

NO RETURN TO WAGNER LABOR LAW IN SIGHT

By HAROLD W. WARD
Washington, Nov. 4 (AP)—Whatever the fate of a Taft-Hartley act repeal drive in Congress, there appears little prospect of a flat return to the New Deal Wagner Labor Law. Union leaders claiming—and receiving—credit for a major share in President Truman's upset election victory may not be completely happy over the final result.

For one thing, there is the real question of whether the new Democratic Congress will be in a mood to wipe out the Taft-Hartley act.

See New Law Likely
For another, it seems likely that Mr. Truman—despite his and the Democratic platform's pledge for outright repeal—will want some legal weapons for dealing with special labor-management fights, such as those that affect the public welfare.

Thus, while the president is certain to ask for repeal, he may accompany that request or follow it with another for less sweeping, and what he has described as non-punitive, measures for dealing with certain labor situations.

The president on several occasions has made use of the strike-banning court injunction powers in the Taft-Hartley act. The most notable ones were against John L. Lewis and his United Mine Workers.

Compromise Possible
Nearly two years ago Mr. Truman asked Congress for "effective" machinery to control nationwide strikes involving the public interest. He called for a comprehensive study leading up to the assembly of that kind of machinery.

In order to get rid of some parts of the Taft-Hartley act which they particularly dislike, labor leaders conceivably might be willing to accept certain other sections—particularly if it looked like Congress would balk at outright repeal. That could lead to a compromise between Mr. Truman, Congress leaders and the union chiefs who helped return him to the White House.

SAYS GREEK AID PROGRAM FAILS IN ITS PURPOSE

Harrisburg, Nov. 4 (AP) — The Greek aid program is a failure, says W. A. Sponsler III, Harrisburg, Pennsylvania's new deputy secretary of property and supplies.

Sponsler, former chief budget control specialist for the American mission for aid to Greece, told the Harrisburg Exchange club yesterday the Greek government has failed to cooperate with the U. S. in the program by not helping internally their own economic recovery.

In addition, he leveled this five-pronged blast at the \$175,000,000 aid program:

1. "The program lacks objective."
2. "It is proceeding without plan."
3. "The United States is indecisive in its administration of aid."
4. "Aid so far has been largely wasted to judge it by the extent."
5. "I would call the whole show a failure."

Smug Contentment

Sponsler, who recently returned from Europe after aiding in the program's administration during its first year of operations, added:

"The Greek government has been performing with an apparent feeling of smug contentment that it has the United States over a barrel and the problem is not whether the United States, in spite of Greek government misfeasances, will continue to give aid, but how much aid can be tossed from the United States under every possible excuse."

"The time has come to decide whether we will continue to give Greece aid on her terms or whether we are going to stand up and insist that aid given will depend only upon the basis of certain performances by the Greeks to help themselves."

They're mighty good folks to have around...

These four good people have worked for this company a total of 100 years. The average for all 29,000 workers of the Esso Standard Oil Company of Pennsylvania and affiliated companies today is almost 14 years!

In a time like this, workers like these are mighty good ones to have on the job—good not just for the company, but also for you.

Their extra measure of skill, experience and job loyalty is setting amazing records in production to help meet an all-time record high demand for gasoline and heating oil and other products.

One reason these extra-good workers

are here today is simply the extra-good jobs they have at Esso Standard.

Over 30 years ago, these companies set up an unusual "good jobs policy." It was based on the belief that better jobs would mean better workers, and that would mean a better company.

Since then, with our workers, we have developed plans which give every Esso Standard worker such job advantages as

these: uniformly good wage scales...vacations with pay...special benefits in case of sickness or accidents...chance to advance in the company...cash savings in a Thrift Plan...fair treatment at all job levels...and planned retirement with steady income assured for life.

All this was done as a matter of good business. It has given good business results. Not a strike or major work disturbance in over 30 years. Steady, skillful workers on the job. Records in production when the country needs record supply of product. Yes...they're mighty good folks to have around, from your point of view and from ours!

VOTING LEAVES DUFF 'KINGPIN' IN PENNA. GOP

By LEONARD A. UNGER
Harrisburg, Nov. 4 (AP). — Gov. James H. Duff stands unchallenged today as the kingpin leader among Pennsylvania Republicans.

Surprise results of Tuesday's presidential election accomplished the feat. It gave him the tightest possible grip on that keystone of any political leadership—patronage.

It worked out this way: President Truman's triumph over Gov. Thomas E. Dewey squelched the possibility of 100,000 federal jobs in Pennsylvania going to Republicans. And with it went hopes by the Martin-Grundy faction to displace Duff from control of the GOP party in the state.

Everything Changed
U. S. Senator Edward Martin and former U. S. Senator Joseph Grundy supported Dewey at the Republican national convention last June. Duff split with Martin and Grundy on the New York governor's nomination.

Duff's convention setback set off speculation that his 1949 legislative program would be endangered by recalcitrant Republicans in the House and Senate who belonged to the Martin-Grundy camp.

But the election of President Truman changed everything. The governor continues in control of some 50,000 state jobs enhanced by others opened up by the defeat of Democratic incumbents in the auditor general's office and the treasury.

Martin-Grundy Plight
Pennsylvania's federal jobs remain Democratic controlled for another four years. The Martin-Grundy GOP faction can only turn to Duff for its patronage despite Martin's own seat in the Senate and

the election of 17 GOP Congressmen out of a 33-man state delegation.

Meanwhile, the Governor had a comfortable majority in both chambers of the General Assembly to assure passage of his program. The only possible barrier is a combination of Democrats and renegade Republicans.

The new lineup in the House, where Democrats won 53 Republican held seats, will be 117 to 91. In the Senate it will be 35-15, more than the two-third majority needed to

confirm the Governor's appointments during his term.

Local Tax Issue
Although Duff has not as yet announced his 1949 program, the legislature will in all likelihood be confronted by some carryover issues from the 1947 session.

One of these is the controversial local tax law which allows a municipality or school district to tax anything not already taxed by the Commonwealth. Others include the soft drink tax, the extent of corporate
